The letter is clear as written. I just have a few non-substantive suggestions—parallelism in the bullet list.

Reid reminded me that you have seen the letter. I am slow in getting back in touch with things with my trip to Boston.

From my discussion with Jon a few minutes ago, it sounds like the letter is OK, (b) (5) - Deliberative process privilege  
Also, we will get Jed's comments on it.

The letter looks pretty good to me. I added a sentence about the existing reg up front and made some minor changes throughout. The format follows the example provided in the Tribal Handbook.

Andrea,  
Can you look at this?  
Thanks.

(b) (5) - Deliberative process privilege

I have no idea on the format, so I defer to the Tribal Handbook and Reid's

interpretation.

In anticipation of the FR notice of the Subpart W proposal I drafted a letter to the Chairman of the Ute Mt. Ute requesting consultation. I used a template from the Tribal Handbook, but any comments you have would be appreciated. I assume that once the proposal is published we will have a short window to get this out. Thanks.
